

INTEROFFICE MEMORANDUM

DATE: September 9, 1986

TO: Mr. Charles Mitchell, Engineer of Surveys Division
FROM: Charles E. Venable, Assistant Chief Engineer for Program Management
SUBJECT: Bridge Replacement Preliminary Engineering

Effective October 1, 1986, no new jobs should be undertaken using statewide bridge replacement preliminary engineering Jobs 1578, 1579 and 1580.

Those specific jobs on which you have initiated work prior to October 1, 1986, under the above projects should continue with the same job number through the preliminary engineering stage.

Individual non-participating allotments will be issued for all new state highway bridge jobs on which preliminary engineering is initiated after October 1.
